

Nordic Oasis: Tandberg Miller Design's Eco-Conscious Apartment Design

Tandberg Miller Design, the Oslo-based interior design studio celebrated for its ability to craft elegant, bespoke spaces, has once again secured recognition. Their transformative project, **Apartment Vinderen**, recently claimed the **Luxury Lifestyle Awards for Best Luxury Apartment Interior Design in Norway 2024**. This achievement underscores the studio's exceptional talent for crafting living areas that exude meticulous attention to detail, a seamless blend of raw and luxurious materials, and a drive toward sustainable practice.

The design brief for Apartment Vinderen presented a unique challenge. The client envisioned a more feminine and captivating ambience, while also seeking solutions to mitigate noise and ensure privacy due to the apartment's location on the ground floor. Tandberg Miller Design expertly addressed these needs, meticulously crafting a solution that surpassed expectations.

A striking large dark mirror positioned above the kitchen bench serves as a statement piece, creating an illusion of spaciousness by reflecting light and adding depth to the area. The hallway cupboard doors embody the studio's philosophy of merging aesthetics with functionality. Upholstered fabric adds a touch of softness and texture, while integrated mirrors and bars enhance the space's utility.

Tandberg Miller Design prioritizes eco-conscious practices. In Apartment Vinderen, they embraced sustainability by preserving existing elements like the floors, kitchen, and walls, minimizing waste and unnecessary demolition. Upgrading to LED bulbs

ensured energy-efficient lighting, while heavy velvet curtains provided a touch of luxury and served the functional purpose of insulating the windows and reducing noise from the street.

The studio's dedication to bespoke design extends far beyond mere aesthetics. They carefully design every aspect of a space, from the overall layout to the finest details. For Apartment Vinderen, this manifested in the in-house design of everything, from the layout to the finest details. Collaborating with trusted craftspeople, the team brought their vision to life with bespoke elements like the bookshelf and customized cupboards. The wardrobes and bookshelf were not only designed in-house but also produced by their skilled cabinetmaker in Lithuania, guaranteeing exceptional quality and tailored functionality.

Tandberg Miller Design's success extends far beyond Apartment Vinderen. Their impressive portfolio boasts a diverse range of projects, including apartments in Imperia, Italy, Montreux, Switzerland, Marbella, Spain, and Stockholm, Sweden, as well as a summerhouse in Sweden. This breadth of experience, coupled with their multiple award wins, solidifies their position as a leading force in the world of interior design.

Tandberg Miller Design's philosophy transcends mere aesthetics. Apartment Vinderen, a testament to their award-winning approach, exemplifies their meticulous attention to detail, bespoke creations, and approach to sustainability. They achieve this by seamlessly weaving luxurious materials with eco-conscious practices. This results in unique living spaces tailored to individual needs while minimizing environmental

impact. Their dedication guarantees every project becomes a haven of comfort, reflecting the essence of refined and sustainable living.
